

Ag Grow Consulting provides timely, unbiased and precise agronomic services to Saskatchewan farmers. Our services include field scouting, soil and tissue testing, variable rate applications and water management. We use local experience and research to power our recommendations.

Summer Agronomist

Ag Grow Consulting is looking for an individual who has a good basic knowledge of agronomy, loves being outdoors and interacting with farmers! Working for Ag Grow Consulting, you will be part of a team that is supportive, connected and passionate about agriculture. We have a young, relatable, hands on management team that is happy to help by sharing their knowledge and experience.

Benefits of working for Ag Grow Consulting

- ◆ Competitive Salary
- ◆ Access to top of the line equipment - truck and quad
- ◆ Access to current technology and programs—including the AgScouter app

Responsibilities of the role

- ◆ Crop Scouting - crop staging, weed, disease and insect identification
- ◆ Soil Testing – composite, GPS referenced
- ◆ Variable Rate Fertility—using EM38, zone soil testing
- ◆ Reporting findings back to advising Agrologist
- ◆ Sharing findings with team members and one on one with customers
- ◆ Provide agronomy ideas contributing to research and innovation

Qualifications of ideal candidates

- ◆ Be enrolled in a University Program
- ◆ Strong self-motivation and attention to detail
- ◆ Able to build rapport with customers and communicate with team members
- ◆ Tech Savvy

Professional development opportunities

- ◆ Public speaking and professional writing
- ◆ Develop communication skills by interacting one on one with customers
- ◆ Access to meetings, tours, updates

Application Process

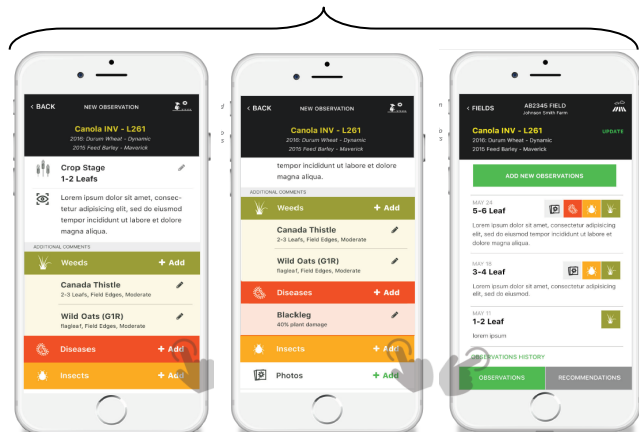

- ◆ Email resume and cover letter to Wade & Kara Annand c/o jill@aggrowconsulting.com
- ◆ Include references
- ◆ In your resume include a social media handle

As an Ag Grow Consulting employee, you have the opportunity to scout fields and report back to the rest of the team and your farmers using our newly designed
