

Ag Grow
Consulting Ltd.

Summer Agronomist

Ag Grow Consulting is looking for a summer agronomist who is well-rounded and strives to take their skill set to the next level with hands on experience. You will be in the field with great mentors and given the opportunity to apply your knowledge from school to our crop scouting operation. You will be helping our team and our growers through all stages of crop planning — ensuring optimal crop establishment, weed scouting, fungicide/insecticide decisions and harvest management.

Highlights

- ◆ Mentorship from a team of professional agronomists
- ◆ Access to AgScouter and top of the line equipment
- ◆ Competitive Salary

Hands on Experience

- ◆ Crop Scouting - staging, weed, disease and insect identification
- ◆ Sharing observations with team members and one on one with customers
- ◆ Diverse exposure to crop managements and agronomic practices
- ◆ Access to meetings, tours, updates

Requirements

- ◆ Be enrolled in a University Program
- ◆ Good work ethic and communication
- ◆ Team working ability

Take a break from the books and spend your summer digging in the soil and watching the crop grow. If this fast paced position is for you, come join our team!

Application Process

- ◆ Email resume and cover letter to Wade & Kara Annand c/o jill@aggrowconsulting.com
- ◆ Include references
- ◆ In your resume include a social media handle
